# Acknowledgements

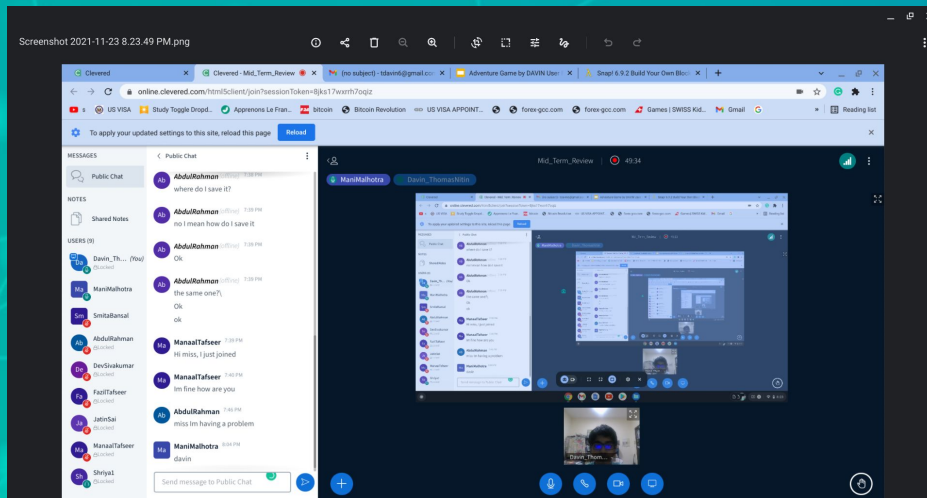

- I say thanks to Miss Mani and Miss Smita for helping me.
- App Development –Miss Mani, Miss Smita, Mr. Ken and My Parents

# About Me..

- My name is Davin Thomas Nitin. I live in Sharjah UAE. My hobby is to play table tennis. My favorite subjects are Coding, Physics, Chemistry and Maths.

# About My Internship with Clevered..

- I had very good experience. I like it. I also liked the way they helped me.
- I earned a total of 3 rockstar badges

# My Badges

# About App..

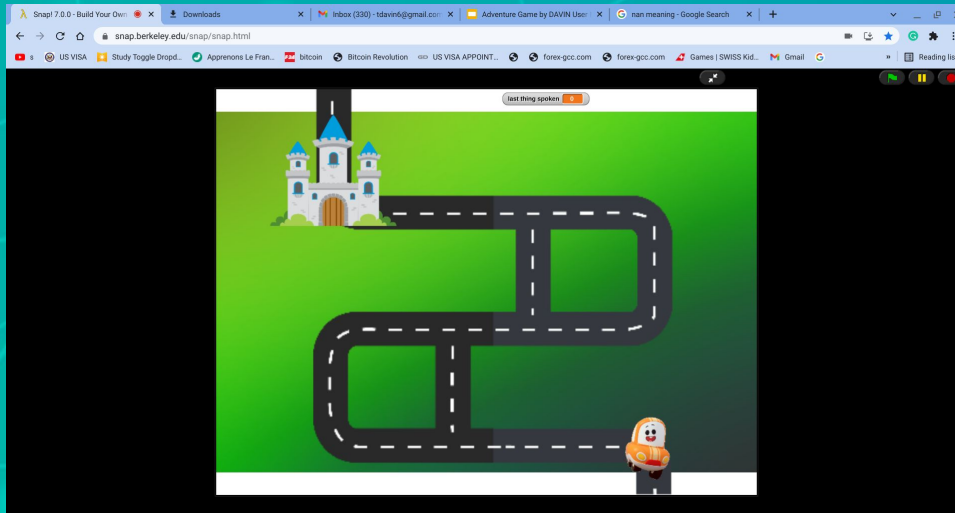

- My App's main only rule is to have fun!
- My App is used for blind people, People who drive cars and normal people too. My app is challenging. But challenging is the key to success.

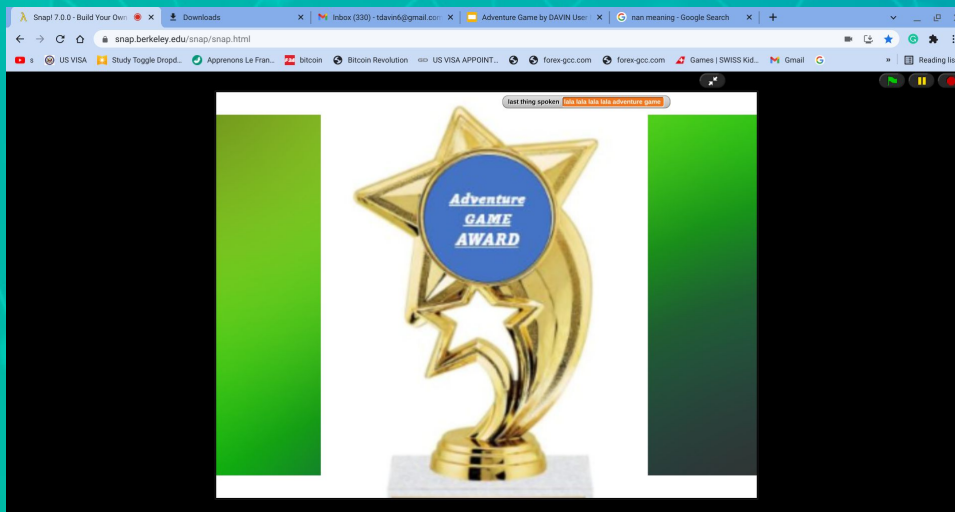

**How do I use the App?**

# How you use the app and the images of the app

- Listen to what it is saying
- Say the direction and look on the last thing spoken variable if is the Direction you spoke.
- Tell the Direction only once after getting the result on the variable then tell it again if its not what you spoke.
- If there is an error on the screen please start the program again. Sorry for the inconvenience.
